About this boat

Representing Astondoa in Portugal | Southwest Boats presents the 677 Coupe. The 677 Coupe defies the standards in its segment, distinguished by its clean and sporty lines that flow along the length of the boat creating a suggestive and provocative profile. Its inverted bow, a hallmark of the Coupe range, as well as its large glass surfaces blend with the own lines of the boat, create a unique silhouette that captivates lovers of sporty sailing who are reluctant to do without luxury on board. Natural light floods the interior through the large panoramic windows, ensuring a constant connection with the sea. The retractable sunroof completes the experience, making every outing memorable, whether for longer cruises...
