About this boat

Two purchase options for the 27m AvA Yachts SVETLANA available: • AS IS, WHERE IS with the build currently 80% complete. • Fully finished with delivery scheduled for 2027 (12 months from contract signing). Svetlana is a steel ice-class motor yacht built for extended exploration in remote and icy regions. Svetlana is designed and built to Ice Class B1+, offering significantly greater structural reinforcement than standard ice-classed yachts. Designed for safe navigation in first-year ice up to ~0.8 m thick, it allows for extended cruising in polar and sub-Arctic regions. Positioned just below full icebreaker classification, B1+ ensures superior performance and reliability in challenging ice conditions—making it...
