About this boat

Bilgin 170-II series will have the comfort and functionality which we have applied in over 500 GT yachts. She has a very sporty look in every sense. We can define Bilgin 52m yachts as the new version of 50-meter series. With six-cabin layout, they are going to offer extensive living areas. Particularly the exterior areas are 20 percent larger compared to 50m yachts. This also gives a sportive look to Bilgin 170-II. With 2 x CAT C32 engines are preferred on board, the yacht is going to have a top speed of around 17 knots with low costs. Yacht inspection and sea trial are subject to MYBA terms and conditions. For detailed and up-to-date information on this vessel, please contact the manager. Nord Star Superyachts...
