About this boat

The new Fountaine Pajot Elba 45 Electric is one of the first electric-powered catamaran built by this historic builder. The Elba 45 Smart Electric is equipped with electric motors and an intelligent on-board energy management system, the result of an ambitious collaboration of over 60 technicians, engineers and experts whose goal was an entirely new approach to a zero-carbon emission propulsion energy system designed specifically for yachting needs. Powerful and highly efficient electric motors propel the new Elba 45, with two lithium batteries for storage - providing energy for a few hours of motor cruising, and ensuring a long range at anchor. By renting this catamaran your impact on the environment will be c...
