About this boat

- Inspired by the classic design of the American Open Fisher, its deep-V hull and its double axle diesel engine, which reaches 630 hp, allow fast and safe navigation in adverse sea conditions. The exterior and interior distribution is perfectly studied to make the most of the space. It has an exterior L-shaped sofa located on the opposite side of the government post protected by the hard-top, a nursery module specially designed for fishing, a large sundeck in the bow and the option of a tuna-tower with a double seat.
