About this boat

Attention, houseboat is under construction! These are sample photos from the sister boat Hele. These are sample images. The "La Mare Apart LL - long version" is a modern houseboat with an extended hull and superstructure. With a length of 12 m and a width of 4.2 m, it offers enough space for the whole family on approx. 30 m². Thanks to solar energy and inverters, the innovative concept enables you to enjoy comfort and independence. The hot water heating in combination with the insulation gives you the opportunity for a great holiday even in autumn and winter. Maneuver your houseboat in the harbor from box to box with ease with the built-in bow thruster. Find the most beautiful anchorages that others do not see...
