About this boat

Enjoy a 3 stop reef snorkel by boat and a mangrove tunnel forest tour. Each stop is 45 minutes duration in the water. Average duration is 3 hours snorkeling and another sightseeing. Roundtrip transportation pickup is included in the price from both cruise ports on Roatan. Cold sodas and bottled water is included in the rate. Snorkeling is done on the southside of Roatan. Each stop will take you to a different reef site, either offshore or inshore reefs depending on the location. You will enjoy a mangrove tunnel tour and also a swim

break at the lagoon as well as inshore reef snorkeling and open water reef snorkeling. Your Captain will make sure to get you on the best spots while also looking for the best visibility.
