About this boat

It is short tuk-tuk ride from Knai Bang Chatt Resort to a community based Eco-Tourism village called Krapeang Sangkhae on the Kep province and Kampot border. The tour consists of a circuit with a diversity of tropical mangroves landscapes, through freshwater canals of the river until reaching the salt water of the sea. We can take you on a private boat to discover its ecology. Several animals like kingfishers, egrets, giant ibis reptiles, and more serve as habitats for these animals. You can participate in a mangrove tree planting activity or relax in their Khmer-style hut with a stunning view of the Gulf of Siam and surrounding mountains. If you have any questions just click on 'Send Inquiry' to send us a mess...
