About this boat

The Moody 31 is a sturdy and comfortable cruising yacht, built to high standards under the supervision of Lloyd's Register. Despite her compact dimensions, this Moody offers a surprisingly spacious layout, both in the sheltered cockpit and the well-appointed interior, making her an ideal family cruiser. Thanks to her bilge keels, she has a shallow draft, which greatly expands the cruising area and also makes drying out possible. She is powered by a reliable Volvo Penta 3-cylinder diesel engine. The sail quiver is complete and includes a mainsail, genoa, jib and cruising chute. All sails can be handled comfortably from the cockpit using selftailing winches. Recent maintenance includes renewal of the Volvo shaft...
