About this boat

The Beneteau Oceanis 43 is a marvellous piece of engineering designed for great performance and comfort combined into one vehicle. This four-cabin version of the Oceanis 43 "family" is proving to be a very demanded vessel for people looking for value charters, since it is not a heavy boat for its length, this boat is easily driven and very responsive despite its relatively big size. The boat's captain is a certified expert that knows local waters like the palm of his hand and he will cater to your group's itinerary and needs to certify that you create an unforgettable memory on board! What a better way to explore the endless coastline of Portugal than by boarding this cruising beauty that can be a beast in open...
