About this boat

We proudly present the SolarisPower 52 Coupé, an exceptional motor yacht that blends sophisticated Italian design with remarkable performance and comfort. With an overall length of 16.20 meters and a hull constructed from durable fiberglass, she is designed for effortless cruising and refined living on the water. The yacht comes standard with twin Volvo Penta D6 IPS engines delivering 480 HP each, providing powerful acceleration, excellent efficiency, and precise handling. Alternative engine configurations are optionally available. The elegant coupé design offers a perfect balance between protection and openness, seamlessly connecting the cockpit and salon to create a spacious and inviting atmosphere on board....
