About this boat

We proudly present the SolarisPower 60 Coupé, an extraordinary motor yacht that combines elegant Italian design with impressive performance and comfort. With an overall length of 18.29 meters and a hull constructed from durable fiberglass, she is designed for effortless cruising and luxurious living on the water. The yacht comes standard with twin Volvo Penta D11 IPS engines delivering 725 HP each, providing powerful performance, smooth acceleration, and excellent efficiency. Alternative engine configurations are optionally available. The sophisticated coupé design offers protection and openness at the same time, seamlessly connecting the cockpit and salon to create a bright and spacious atmosphere on board. La...
