About this boat

Sunreef 80 (NEXT version) — a new sailing yacht from Sunreef (unveiled as part of Sunreef NEXT program). The Sunreef 80 NEXT is a 24.4m (80ft) superyacht delivered in 2026, built by Sunreef Yachts in Poland. It

features foldout platforms creating a 13.4m walkaround private beach when combined with the hydraulic aft area. The redesigned aft area includes fold-down bulwarks increasing cockpit width to 44 feet (13.4m). The model is part of the Sunreef NEXT program representing the next generation of the flagship Sunreef 80. It offers 340m² of living space as a classic twin-engine sailing yacht. The yacht is a major evolution of Sunreef's flagship semi-custom luxury catamaran model.
