## About this boat

Step into a completely different kind of fishing experience with our nighttime flounder gigging trips. This 4-hour adventure begins after sunset, with start times varying between 8–9 PM depending on when it gets dark. Under the glow of powerful lights, the water comes alive in a way most people never get to see. We'll cruise shallow flats and backwaters scanning for flounder laid up on the bottom, giving you the chance to legally gig your catch in a hands-on, adrenaline-filled style of fishing. Along the way, we also encounter and legally target species like sheepshead, black drum, mullet, stingrays, and gar, making every trip unique with constant opportunities. This trip is perfect for anyone looking to try so...
